

APS THERAPY TREATMENT PLAN for FATIGUE

First treatments: Turn it on, turn it up, feel the tingle, turn it down by 2/3rds. Check you are not over: 0.60 for ages 2-40, 0.40 for 40-60 or 0.20 for 60+

1) Spinal, process as above. 2) Blacks above eyebrows, reds base of spine, set to **0.05 max**. Tuck leads behind ears!

3) & 4) Blacks on soles of feet, reds palms of hands. As above. *After 4 sessions, as long as no side effects felt, for placements 1,3 & 4 only, treat at higher settings: turn up, feel the tingle, and just turn down a tiny bit.*
